Day 101: A tip from your SFI Team Leader.

Hi [[firstname]]

Just a little tip that I thought I would pass onto you. Hope it can help you in some way.

How to Elicit a Response

Do you ever e-mail your affiliates and never hear back from them? Sometimes it is very difficult and frustrating to get people to be more responsive.

There are a three important points to remember when you are trying to create interaction with your affiliates:

- 1) In order to get people to respond, you need to ask them questions. By asking questions, you create a situation where they need to respond.
- 2) You need to make them feel that by responding to your questions, they will somehow receive a benefit. Just because you ask a question, doesn't mean they want to answer it. They will be more likely to respond if you provide them with a reason why they should answer the questions that benefits them.

3) Request specifically that they write back with any questions they may have. If you ask them at the conclusion of your e-mail to write you back, it can help boost your response.

So here's a quick example:

"I usually ask all new affiliates to please e-mail me questions you may have. I have also found that I can help you get started if you can respond back with answers to the three questions below:

1. Is there anything confusing or unclear about SFI that I can clarify for you?
2. What is your main goal with SFI? Is it to make some extra money, have more time to spend with your family, quit your current job, etc.
3. How much time per week can you invest into your new SFI business?

By answering these questions, I can help you get started more quickly. Please e-mail me back with your responses as soon as possible. I look for to hearing from you and helping you make your SFI business a success.

Day 108: SFI: 10 Steps to s.uccess in SFI.

Hi [[firstname]]

Your SFI Power Team Leader here...

Isn't life GRAND?! Never before in human history has this kind of work-life been possible. You and I are incredibly

privileged just to have this golden opportunity! But, it means nothing if you're not willing to seize the day and put the profit pulling power of SFI into action immediately.

Below, I'll outline 10 simple ideas you can use to start making money from your kitchen table (with SFI) practically overnight... That's literally where I started (my kitchen table)! My next "office" was my bedroom closet ... no joke! This ain't rocket science, folks! ;-)

First things first...

SFI gave you some cool gateway websites as soon as you joined as an affiliate. If you haven't claimed yours yet, just login to your affiliate "admin" area at:
<http://www.sfimg.com/>

Once inside, scroll to the section that says "YOUR GATEWAY WEBSITES". Simply start sending people to those websites and as those people buy the products, you get paid BIG commissions from SFI. Here's 10 ways to get started now:

1) Print up some business cards with your SFI gateway URL on them and pass them around town. You can get some free business cards at <http://www.vistaprint.com> (you only pay a small fee for shipping) and get started with this powerful strategy right away.

2) Setup some free online classified ads. Here's how you can do this in the next 5 minutes:
<http://www.freeadvertis.com/classifieds.htm>

3) Go to your local copy shop and print up a few flyers to pass around your town at gas stations, supermarkets, libraries, college campuses, etc... SFI already has some cool flyers made up for you at:
https://www.sfimg.com/MarketingAids/mr_free.sfi
(Scroll down the page when you get there)

4) Set up your Traffic Swarm free ad campaign:
[http://www.\[pre_trafficswarm_domain\]](http://www.[pre_trafficswarm_domain])

5) Set up your success strategy.

If you've looked at SFI's compensation plan, you'll realize that building a team of new affiliates is the fastest way to grow your income. This strategy can put this process on autopilot:

<http://www.sfielite.com/sfisuccess.html>

6) Join the Plug-In Profit Site program at:

[http://www.\[pre_plugin_domain\]](http://www.[pre_plugin_domain])

7) Write an article, include your SFI link as a resource and post it to article directories all over the Internet!

See my guide here:

<http://www.sfielite.com/articlesubmissions.html>

8) Buy an ad on ClickBank's login page at:

<http://www.clickbank.com/login.html> 95,000 to 100,000 merchants and affiliates hit this page a month and you can grab a spot for \$700. This is not for everyone, but can be used quite effectively if you've got the budget for it.

9) Run a Google Adwords campaign for SFI at:

<http://adwords.google.com> This is a simple & affordable technique that you can use to get sales within the next few hours - literally!

10) Run small classified ads in your local newspaper. This market is totally untapped and if you start running ads in the "business opportunity" section with the right headline and a link to your SFI gateway you could rack up some serious commissions FAST.

11) I always like to give a little extra ;-) Tell your friends & family about SFI. Seriously, word of mouth is still one of the best ways to grow a business and if you have good rapport with those close to you, this could easily get your business off the ground in a hurry.

See how easy it can be? You could be making \$1000's a month (extra) with very little effort if you just APPLY

WHAT YOU KNOW! That's why you always hear SFI people saying, "Earning \$100,000 a year is just as easy as \$15,000... when you know HOW!"

It truly is!

I hope you'll employ some of these easy-to-use ideas today and cash in on the Internet-income revolution for yourself! :-)

Thousands of others are... so why not YOU?!

Wishing you the very best!

Day 115: Are you a fence sitter in SFI [[firstname]]?

Hello [[firstname]]

[[pre_name_id]] here, your SFI Team Leader.

How's business??

Did you know [[firstname]] that I actually have over 60 upgrades in my SFI team, a fair % of which are building their own teams. Are you going to be a fence sitter or are you going to take this business seriously?

If you are serious then I believe I have found the easiest and most duplicatable system for building your SFI business and it only takes 20 mins per day to do once you are set up: <http://www.sfielite.com/sfisuccess.html>

Basically you use this system to build your team and then pass on this link to get them to do the same. It's quite simple but takes action. No one ever made money sitting on their backsides, it is an internet myth:-)

Don't underestimate the power in this once you are set up.
Your business will virtually be on auto-pilot if you follow
the instructions to the letter.
